# I. Course Summary Descriptions

## GED Exam Prep

GED® stands for General Education Development or General Education Diploma. The GED® is an internationally recognized test, which serves as a high school equivalency exam. With four distinct parts—Reasoning Through Language Arts, Social Studies, Science, and Math—the GED® exam is comprehensive and challenging. Courses in this category are designed help learners identify gaps and focus on areas of weakness in preparation for the exam.

## GED® Test Prep Four-Part Bundle

This completely online and self-paced, GED® Test Prep course provides a comprehensive preparation for the GED® Test. GED has four distinct sections: math, science, social studies, and reading through language arts. Each of these sections is represented with a separate course, allowing learners to more closely focus on those areas of the GED curriculum where the most scaffolding is needed. Each of the four courses includes exam-taking tips, a diagnostic test that doubles as a full-length practice exam, practice questions at the end of each module, and a second full-length practice exam at the end of the course. The suite of four courses contain more than 400 practice questions in total, and are designed to align as closely as possible to the questions test-takers will encounter on the official GED® exam.
