PERSONAL ENRICHMENT COURSES

The courses in our personal enrichment category include:

Creative Writing: Children's Books

This course guides you through the process of developing and publishing a successful children's book. You will learn how to identify the best format and audience for your book, refine your plot and characters, and perfect your manuscript to send off to an agent or publisher.

Creative Writing: Memoir

This course teaches everyone how to write a memoir that informs, entertains, and establishes an emotional bond with the reader. Every one of us, by virtue of being human, has experiences and insights that are worth retelling.

Creative Writing: Poetry

This course focuses on the foundations of poetry, from basic components to the various ways of employing poetic devices. Analyzing poetry and improving your poetic vocabulary will help you write more effectively and better engage with the poetry you read.

Gardening in Small Spaces

This course guides you through the basics of garden design, plant selection, and maintaining your garden so that you can enjoy the benefits of creating and maintaining your own natural environment. Whether you hope to eat out of your garden or enjoy the view, this course will help you get the most out of your small space.

Taking Better Photographs

This course provides an overview of the essential knowledge and skills needed to take better and visually stunning photographs. Topics discussed in this course include composition, focusing, editing, and what equipment and settings are needed under different circumstances.

The Personal Enrichment Category is available 100% online.
